We affirm that:

We are certified public accountants licensed to practice in Michigan.

We further affirm the following material, "no" responses have been disclosed in the financial statements, including the notes, or in the Management Letter (report of comments and recommendations).

YES ☒ NO ☐

Check each applicable box below. (See instructions for further detail.)

1. ☒ ☐ All required component units/funds/agencies of the local unit are included in the financial statements and/or disclosed in the reporting entity notes to the financial statements as necessary.
2. ☒ ☐ There are no accumulated deficits in one or more of this unit's unreserved fund balances/unrestricted net assets (P.A. 275 of 1980) or the local unit has not exceeded its budget for expenditures.
3. ☒ ☐ The local unit is in compliance with the Uniform Chart of Accounts issued by the Department of Treasury.
4. ☒ ☐ The local unit has adopted a budget for all required funds.
5. ☒ ☐ A public hearing on the budget was held in accordance with State statute.
6. ☒ ☐ The local unit has not violated the Municipal Finance Act, an order issued under the Emergency Municipal Loan Act, or other guidance as issued by the Local Audit and Finance Division.
7. ☒ ☐ The local unit has not been delinquent in distributing tax revenues that were collected for another taxing unit.
8. ☒ ☐ The local unit only holds deposits/investments that comply with statutory requirements.
9. ☒ ☐ The local unit has no illegal or unauthorized expenditures that came to our attention as defined in the *Bulletin for Audits of Local Units of Government in Michigan*, as revised (see Appendix H of Bulletin).
10. ☒ ☐ There are no indications of defalcation, fraud or embezzlement, which came to our attention during the course of our audit that have not been previously communicated to the Local Audit and Finance Division (LAFD). If there is such activity that has not been communicated, please submit a separate report under separate cover.
11. ☒ ☐ The local unit is free of repeated comments from previous years.
12. ☒ ☐ The audit opinion is UNQUALIFIED.
13. ☒ ☐ The local unit has complied with GASB 34 or GASB 34 as modified by MCGAA Statement #7 and other generally accepted accounting principles (GAAP).
14. ☒ ☐ The board or council approves all invoices prior to payment as required by charter or statute.
15. ☒ ☐ To our knowledge, bank reconciliations that were reviewed were performed timely.

If a local unit of government (authorities and commissions included) is operating within the boundaries of the audited entity and is not included in this or any other audit report, nor do they obtain a stand-alone audit, please enclose the name(s), address(es), and a description(s) of the authority and/or commission.

I, the undersigned, certify that this statement is complete and accurate in all respects.

INDEPENDENT AUDITOR'S REPORT

To the Board of Directors
of the City of Ann Arbor
Employees' Retirement System

We have audited the accompanying statement of plan net assets of the City of Ann Arbor Employees' Retirement System as of June 30, 2006, and the related statement of changes in plan net assets for the year then ended. These financial statements are the responsibility of the Retirement System's management. Our responsibility is to express an opinion on these financial statements based on our audit. The financial statements of the City of Ann Arbor Employees' Retirement System as of and for the year ended June 30, 2005 were audited by other auditors, whose report dated October 21, 2005 expressed an unqualified opinion on those statements.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

As discussed in Note A, the financial statements present only the City of Ann Arbor Employees' Retirement System and do not purport to, and do not present fairly the financial position of the City of Ann Arbor, Michigan, and the changes in its financial position for the years then ended in conformity with accounting principles generally accepted in the United States of America.

In our opinion, the financial statements referred to above present fairly, in all material respects, the plan net assets of the City of Ann Arbor Employees' Retirement System as of June 30, 2006, and the changes in its plan net assets for the year then ended in conformity with accounting principles generally accepted in the United States of America.

The management's discussion and analysis and historical pension information, as identified in the Table of Contents, are not required parts of the financial statements but are supplementary information required by the Governmental Accounting Standards Board. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the supplementary information. However, we did not audit the information and do not express an opinion on it.

MANAGEMENT'S DISCUSSION AND ANALYSIS

June 30, 2006 and 2005

The following is a discussion and analysis of the financial performance and position of the City of Ann Arbor Employees' Retirement System's (CAAERS). It is intended to provide an overview of CAAERS' financial activities for the fiscal years ended June 30, 2006 and 2005. This analysis should be read in conjunction with the *Independent Auditors Report* and with the financial statements, which follows this section.

Using this Annual Report

This annual report consists of three parts: (1) management's discussion and analysis (this section), (2) the financial statements, and (3) required supplementary information. The financial statements also include notes that explain some of the information in the financial statements and provide more detailed data. The statements are followed by a section of required supplementary information that further explains and supports the information in the financial statements.

Condensed Financial Information

The table below compares key financial information in a condensed format between the current year and the prior year:

	Year Ended June 30,	
	<u>2006</u>	<u>2005</u>
Total assets	\$ 405,621,967	\$ 391,582,731
Total liabilities	<u>2,351,195</u>	<u>3,563,130</u>
Assets held in trust for pension benefits	<u>\$ 403,270,772</u>	<u>\$ 388,019,601</u>
Net investment income	\$ 40,089,656	33,525,791
Contributions:		
Plan members	2,951,544	2,779,966
Employer	<u>2,897,639</u>	<u>1,044,659</u>
Total contributions	<u>5,849,183</u>	<u>3,824,625</u>
Retiree pension benefits	22,567,344	21,510,124
Refunds of member contributions	<u>611,444</u>	<u>515,496</u>
Total benefits paid	<u>23,178,788</u>	<u>22,025,620</u>
Benefits paid in excess of contributions	17,329,605	18,200,995
General and administrative expenses	<u>7,508,880</u>	<u>3,471,369</u>
Net increase in net assets held in trust	<u>\$ 15,251,171</u>	<u>\$ 11,853,427</u>
Ratio of benefits paid to contributions	396%	576%

City of Ann Arbor
Employees' Retirement System

MANAGEMENT'S DISCUSSION AND ANALYSIS

June 30, 2006 and 2005

Overall Fund Structure and Objectives

CAAERS was established to provide retirement, disability, and death benefits to general, police, and firefighter retirees and their beneficiaries. Active members earn service credit that entitles them to receive benefits in the future. Benefits currently being paid are significantly greater than contributions currently being received. The excess of benefits over contributions must be funded through investment income. The public capital markets represent the primary source of investments.

Asset Allocation

It is the responsibility of the CAAERS Board to determine the allocation of assets among distinct capital markets in accordance with allowable legal limits. Based on an asset allocation review conducted in 2006, which analyzed the expected returns of various asset classes, the Plan's actuarial assumption rate, and the risks associated with alternative asset mix strategies, the Board has established the following asset allocation:

<u>Asset Class</u>	<u>Target</u>	<u>Range</u>
Large Capitalization Domestic Equity	25%	+/- 5%
Mid Capitalization Domestic Equity	18%	+/- 5%
Small Capitalization Domestic Equity	12%	+/- 5%
International Equity	10%	+/- 3%
Bonds	22%	+/- 3%
Real Estate	10%	- 3%
Stable Value	3%	+/- 1%

The study has shown that this asset mix offers the optimal mix for meeting longer term goals. The asset classes stated above shall be further diversified (where possible) as to style and manager type to reduce risk further, while providing the opportunity for enhanced return.

Economic Factors, Investment Returns, and Other Important Matters

In 2005/06, the U.S. stock market continued its recent trend of growth following its previous decline. Led by a continued increase in productivity and by a sustained level in capital investment and inventory rebuilding, the equity markets provided investors with a positive rate of return. However, the short-term economic outlook remains cautious due to the continued uncertainty about future interest rate levels and oil product supply availability and price.

Because the stock market is the principal investment forum utilized by CAAERS, the market's 2005/06 market rate of return had a positive impact on net assets. In 2005/06, the value of CAAERS net assets held in trust for pension benefits increased by 3.9 percent, following the prior year's increase of 3.2 percent. It is important to note that CAAERS' purpose is to provide long-term benefit payments to its members and it is through long-term investing, as shown by the current year increase, that these promised benefits will be primarily funded. Through its investment policy asset allocation, the Board has positioned the portfolio for this long-term investment objective. In addition, to further maximize investment returns, management carefully monitors the performance of each of its investment managers and takes the necessary corrective action to ensure acceptable investment results.

Since CAAERS receives all of its new funding from its plan sponsor, the City of Ann Arbor's annual contribution is critical for the System's long-term viability. The City annually ensures that this actuarially computed amount is paid into CAAERS.

City of Ann Arbor
Employees' Retirement System

NOTES TO FINANCIAL STATEMENTS

June 30, 2006 and 2005

NOTE A: DESCRIPTION OF SYSTEM AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The City of Ann Arbor Employees' Retirement System (CAAERS) is a single-employer defined benefit plan established and administered by the City of Ann Arbor to provide retirement, disability and death benefits to general, police and firefighter employees and their beneficiaries. Cost of living adjustments are provided to members and beneficiaries per the Ann Arbor City Code Section 1:573 of Chapter 18. Chapter 17.1 of the Ann Arbor City Charter assigns the authority to establish and amend benefit provisions to City Council.

All plan members are required to contribute 5% of annual compensation. The City is required to contribute at an actuarially determined rate; the current rate is 5.69% of annual covered payroll. Plan provisions and contribution requirements are established and may be amended by the Ann Arbor City Council. Administrative costs of CAAERS are financed through investment earnings.

The System's more significant accounting policies are described below.

Reporting entity. The accompanying financial statements are exclusive presentations of the financial condition and results of operations of the City of Ann Arbor Employees' Retirement System. The City of Ann Arbor is the plan sponsor of CAAERS. As a result, industry standards require the City to include the financial activities of the System in the City's Annual Financial Report. The Annual Financial Report of the City of Ann Arbor is available for public inspection at the Ann Arbor City Hall.

Basis of Accounting. CAAERS' financial statements are prepared using the accrual basis of accounting. Plan member and employer contributions are recognized in the period in which the contributions are due. Benefits and refunds are recognized when due and payable in accordance with the terms of the plan.

Method Used to Value Investments. Investments are reported at fair value. Short-term investments are reported at cost, which approximates fair value. Securities traded on a national or international exchange are valued at the last reported sales price at current exchange rates. Investments that do not have an established market are reported at estimated fair value.

NOTE B: PLAN DESCRIPTION AND CONTRIBUTION INFORMATION

Membership of the plan consisted of the following at June 30, 2006, the date of the latest actuarial valuation:

Retirees and beneficiaries receiving benefits	817
Terminated plan members entitled to, but not yet receiving, benefits	105
Active plan members	<u>796</u>
Total	<u>1,718</u>
Number of participating employers	1

NOTE C: DEPOSITS AND INVESTMENTS

Deposits

The System does not maintain any checking or other demand/time deposit accounts. Amounts reported as cash and cash equivalents in the statement of plan net assets are composed entirely of short-term investments in money market accounts.

City of Ann Arbor
Employees' Retirement System

NOTES TO FINANCIAL STATEMENTS

June 30, 2006 and 2005

NOTE C: DEPOSITS AND INVESTMENTS - CONTINUED

Investments

The Michigan Public Employees Retirement Systems' Investment Act, Public Act 314 of 1965, as amended, authorizes the System to invest in stocks, government and corporate securities, mortgages, real estate, and various other investment instruments, subject to certain limitations. The System's Board has the responsibility and authority to oversee the investment portfolio. Various professional investment managers are contracted to assist in managing the System's assets. All investment decisions are subject to Michigan law and the investment policy established by the Board.

The System has investments, which are held by an independent trust company. Following is a summary of the System's investments as of June 30, 2006 and 2005:

	<u>June 30, 2006</u>	<u>June 30, 2005</u>
Short-term investments	\$ 6,272,826	\$ 7,421,807
U.S. government obligations	36,243,383	51,470,904
Municipal bonds	-	337,586
Collateralized mortgage obligations	14,967,711	8,792,471
Guaranteed investment contracts	12,420,020	-
Domestic corporate bonds	29,891,136	33,143,140
Domestic stocks	258,344,207	249,678,132
Real estate - direct & funds	<u>45,076,473</u>	<u>36,999,618</u>
Total Investments	<u>\$ 403,215,756</u>	<u>\$ 387,843,658</u>

Custodial Credit Risk

For investments, custodial credit risk is the risk that, in the event of the failure of the counterparty, the System will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. The System's investment policy requires that investment securities be held in trust by a third-party institution in the System's name. As such, although uninsured and unregistered, the System's investments are not exposed to custodial credit risk since the securities are held by the counterparty's trust department in the System's name. Short-term investments in money market funds are not subject to custodial credit risk.

Credit Risk

The System's investment policy provides that its investments in fixed income securities be limited to those rated investment grade by a nationally recognized statistical rating organization. As of June 30, 2006, the System's investments in securities of U.S. agencies were all rated AAA by Standard & Poor's. The System's investments in corporate securities were rated by Standard & Poor's as follows:

Pension Investments

AAA	\$ 11,671,590
AA	1,066,967
A	8,477,500
BBB	7,147,158
BB	583,096
B	366,351
Not rated	<u>578,474</u>
	<u>\$ 29,891,136</u>

City of Ann Arbor
Employees' Retirement System

NOTES TO FINANCIAL STATEMENTS

June 30, 2006 and 2005

NOTE C: DEPOSITS AND INVESTMENTS - CONTINUED

Concentration of Credit Risk

The System's investment policy requires that the securities of any one company or government agency should not exceed 5% of the total fund. At June 30, 2006 the System's investments were within that range.

Interest Rate Risk

For investments, the risk that changes in interest rates will adversely affect the fair value of the investment is known as interest rate risk. The System's investment policy provides for securities with terms to maturity of up to 30 years. As of June 30, 2006, maturities of the System's debt securities were as follows:

	<u>Fair Value</u>	<u>Weighted Average Maturity (in years)</u>
U.S. treasuries	\$ 13,325,585	5.28
U.S. agencies	22,917,798	3.88
Corporate bonds	29,891,136	10.84
Domestic corporate securities	<u>14,967,711</u>	<u>26.83</u>
Total debt securities	<u>\$ 81,102,230</u>	
Portfolio weighted average maturity		4.72

NOTE D: ADMINISTRATIVE AND INVESTMENT EXPENSES

The following provides additional details related to administrative and investment expenses for the year ended June 30, 2006:

<u>Administrative expenses</u>	<u>2005/2006</u>
Health care transfer	\$ 6,997,668
Regular salary	248,860
Office rent	54,939
Conferences and training	54,048
Other	<u>153,365</u>
	<u>\$ 7,508,880</u>
 <u>Investment expenses</u>	
Oppenheimer	\$ 390,256
Morgan Stanley	371,793
Loomis, Sayles & Co., Inc.	236,344
Bradford & Marzec, Inc.	136,869
Other investment managers	<u>623,917</u>
	<u>\$ 1,759,179</u>

MANAGEMENT LETTER

To the Executive Director and
Members of the Board of Directors
City of Ann Arbor
Employees' Retirement System

As you know, we have recently completed our audit of the records of the City of Ann Arbor Employees' Retirement System (the System) for the year ended June 30, 2006. In connection with the audit, we feel that certain changes in your accounting and administrative procedures would be helpful in improving management's control and the operational efficiency of the accounting and administrative functions. This suggestion is a result of our evaluation of the internal control and our discussions with management.

Additional information should be maintained in the individual retiree files.

During the course of our audit, we tested a sample of payments made to retirees. Our test included sampling retiree files, confirming certain information directly with retirees, and recalculation of benefit amounts. Based on the results of these procedures, we noted the following areas in which we believe better documentation should be maintained:

- a. Death certificates should be obtained in a timely manner. Board policy requires that a death certificate be obtained whenever a retiree or beneficiary dies. During our testing, we noted three (3) instances where death certificates should have been obtained but had not been. We did not note any instances, however, of improper payments being made as a result of this. We suggest that procedures be placed into operation to ensure that death certificates are obtained on a timelier basis.
- b. Some benefit amounts could not be recalculated. We noted seven (7) instances where we could not recalculate the amount paid to individual retirees. The differences were not material to the financial statements, however management was unable to provide sufficient explanation for the differences noted. The discrepancies appear to be related to older retirees, whose records are not as well maintained as more current files. As such, these can be expected to decrease over time.

This condition was considered in determining the nature, timing, and extent of the audit tests to be applied in our audit of the basic financial statements, and this report does not affect our report on the financial statements dated September 27, 2006.

This report is intended solely for the information of management, and members of the Board of Directors of the City of Ann Arbor Employees' Retirement System and is not intended to be, and should not be, used by anyone other than these specified parties.

We wish to express our appreciation for the courtesy and cooperation extended to us during our audit. We are available to discuss this suggestion with you and to provide assistance in the implementation of improvements.

Abraham & Gaffney, P.C.
